Greetings!

We want to hear your thoughts on the Gateway Corridor Gold Line bus rapid transit project. There are a couple opportunities in August and September to attend an open house or public hearing. Details below.

Learn More at Lake Elmo Open House

Open House and Transit Conversation

Aug. 19, 4-6 p.m.

Lake Elmo Inn Event Center

3712 Layton Ave North

Come learn about future transit options from Saint Paul to Lake Elmo/Woodbury and grab some snacks. Representatives from the Gateway Corridor bus rapid transit project want to hear from you and answer your questions.

There will be interactive ways to share your thoughts on transit.

Weigh in on Eastern Alignment, Station Locations

The Gateway Corridor Commission, comprised of elected officials, and business and community leaders in the East Metro, made an initial recommendation for public comment Aug. 13 on a refinement of the Gold Line bus rapid transit alignment and station locations in Woodbury and Lake Elmo.

Public comment will be accepted on the recommendation through Sept. 24. A public hearing will be held Sept. 10, 5:30 p.m., at Woodbury City Hall. Information boards and staff will be available to answer questions. A short presentation will begin at 6 p.m. with testimony taken directly following.

Comments also will be accepted by phone, email or mail through Sept. 24:

- 651-430-4300
- gatewaycorridor@co.washington.mn.us
- Project Manager - Andy Gitzlaff, Senior Planner, Washington County Public Works Department, 11660 Myeron Road North, Stillwater, MN 55082

See the full news release [here](#). Additional information on the alignment will be available soon at TheGatewayCorridor.com.

The recommended route would follow Fourth Street North/Hudson Boulevard east through Oakdale and Lake Elmo with a station near Keats Avenue, and turn right on Lake Elmo Avenue. It would cross Interstate 94 south into Woodbury and turn left to continue east on Hudson Road with a station near Settler's Ridge Parkway. The route would then turn left on Manning Avenue, concluding north of Interstate 94 at a proposed Metro Transit park and ride station.

elected officials and business leaders. The Commission in early 2013 identified a preferred route for a fixed-guideway alternative in the Gateway Corridor. In 2014, a locally preferred alternative was approved including the selection of bus rapid transit as the mode. The project seeks to improve transit service from the Union Depot in Saint Paul to the eastern metro, while providing a focal point for more concentrated development as the region grows.
