

Constraints Map

Today, it is hard for those who choose to walk or bicycle in the area 1/2 mile around the proposed 3M/Maplewood station, and I-94 is a major barrier to residents on the south side who wish to access the station.

► Help us understand who's participating by listing your Zip Code: _____

Looking at the Constraints Map on the left, please use the space below to offer your feedback.

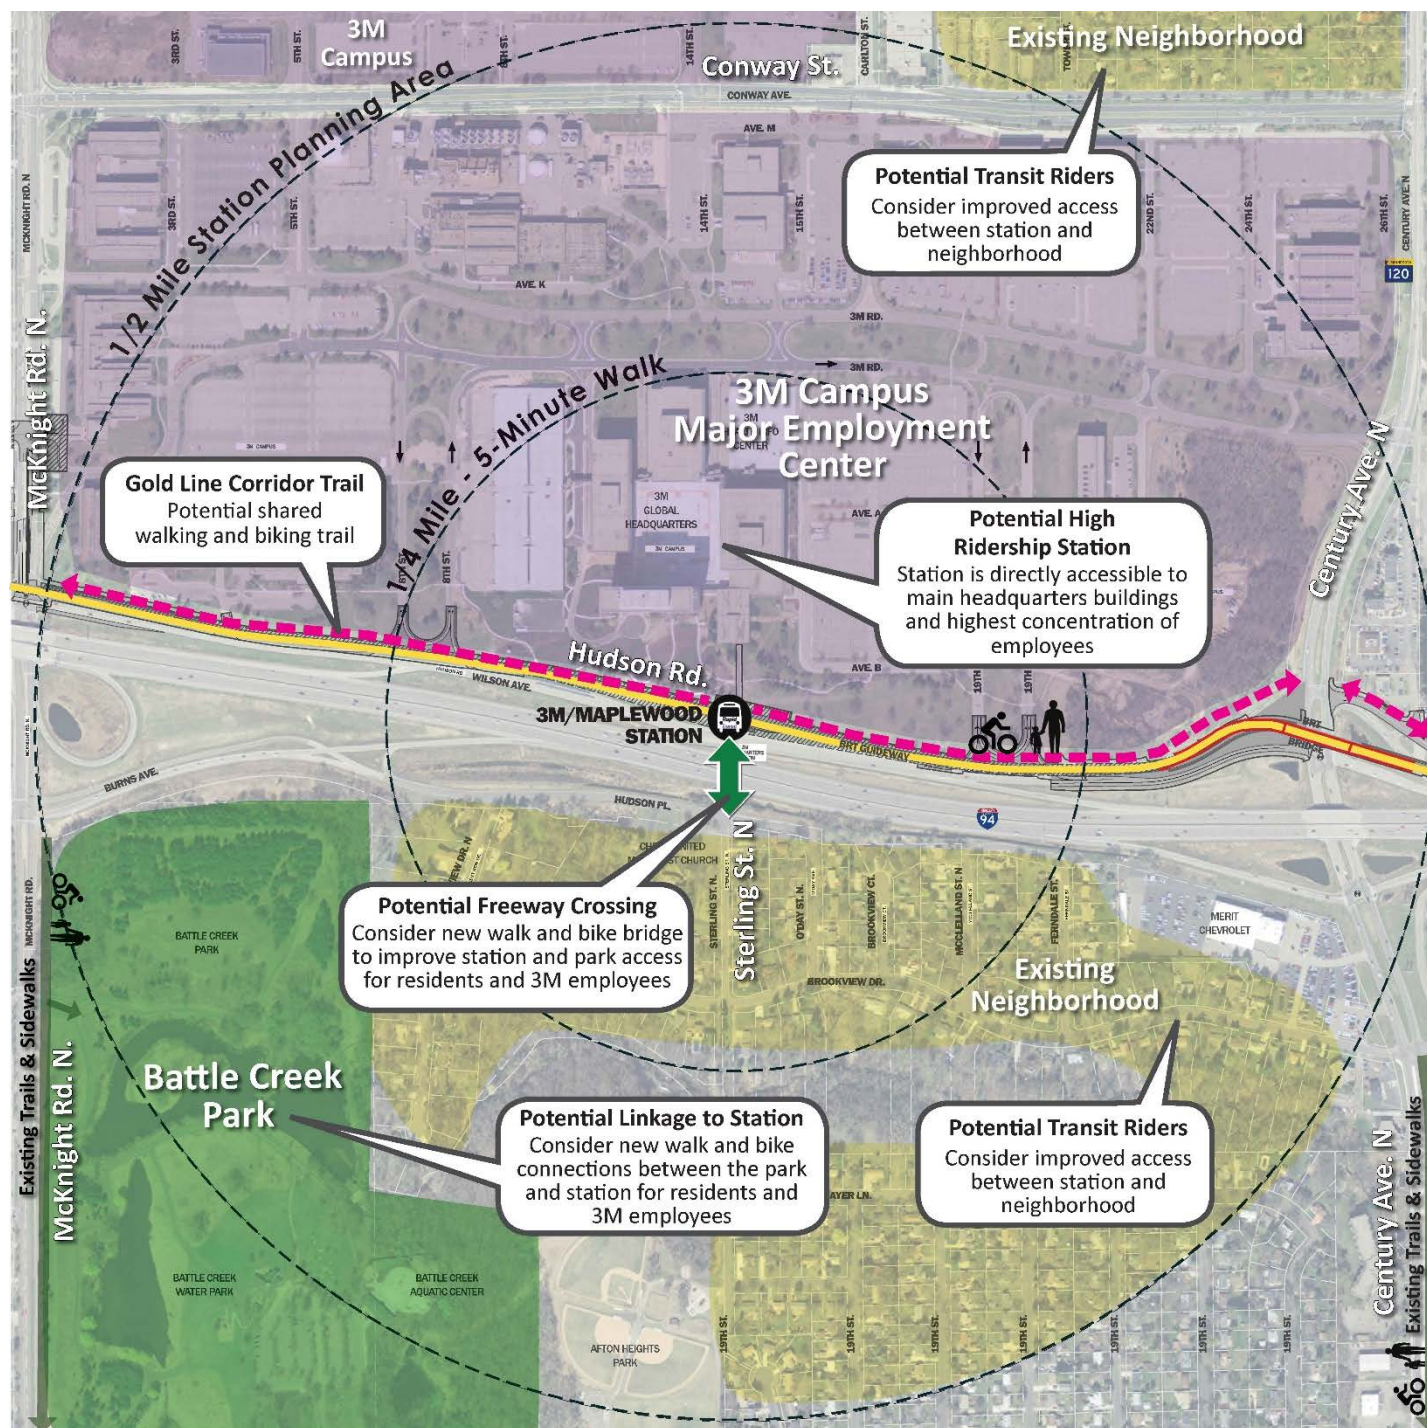

1. What other Constraints do you think are missing?
2. What prevents you or your family from getting to transit or neighborhood destinations by walking or biking?
3. Within walking or biking distance of your home, what types of uses are missing that would benefit you or your family?

Additional feedback:

Name (optional): _____

Please return comments to:

City of Maplewood project manager Shann Finwall at 1920 County Road B East Maplewood, MN 55109
 Or scan and email to Shann.Finwall@maplewoodmn.gov
 Or respond online at www.TheGatewayCorridor.com/station-development/

Opportunities Map

For the future 3M/Maplewood station area, there are potentially many ways to improve walking and bicycling to transit and neighborhood destinations.

YOUR COMMENTS – Opportunities

October 2017

Looking at the Opportunities Map on the left, please use the space below to offer your feedback.

1. What other Opportunities do you think are missing?
2. What improvements would encourage or support you to walk or bike to the BRT station and places in your neighborhood?
3. Within walking or biking distance of your home, what types of uses would be most useful and convenient for you and your family?
